

Earn a bit. Give a bit. Everyone benefits!

Whether you are having a clear out, or getting rid of unwanted presents, online auctions can be a great way of earning some extra cash. So why not donate a portion to WDCS at the same time?

When you're selling, the real beauty of eBay for Charity is that there's something for everyone - yourself included. You decide exactly what percentage of your final selling price you'd like to give to WDCS, and what percentage you'd like for yourself!

Furthermore, eBay will give you a fee credit on your basic insertion, and final value fees equal to the percentage you donate every time you list an item for WDCS. So if you donate 50 per cent of your selling price to WDCS, eBay will waive 50 per cent of your fees!

eBay for Charity listings are the same as any other eBay listing, except for the blue and yellow eBay for Charity ribbon in search results and WDCS's mission statement and logo in your listing. This means your listing can be seen by everyone who searches through eBay.co.uk. It will also get extra visibility through the eBay for Charity pages.

In 3 easy steps....

1. Once you're ready to sell your item, go to the Sell hub and select 'Advanced Sell'.
2. As you're filling out the details, look out for the charity box just below where you set your price. Select WDCS to support and the percentage (10%-100%) of your final selling price that you'd like to donate.
3. A week after your item has sold, MissionFish (eBay's charity partner) will automatically collect the donation from you and pay it directly to WDCS.
